Figge Friends will join us on a pilgrimage to the Art Institute of Chicago to celebrate the work of the preeminent artist of the 20th century—Pablo Picasso. After a century of collecting, AIC celebrates the art they first acknowledged in the 1913 Armory Show. The museum was the FIRST in the country to exhibit the work of the young Spaniard, and they are celebrating their 100 year relationship with more than 250 of the finest examples of the artist's paintings, sculpture, prints, drawings and ceramics. *Picasso and Chicago* features works from the museum as well as private collections throughout the city and is the first large-scale exhibition organized by the Art Institute in almost 30 years. Special installations tying to the exhibition are also located throughout the museum. Don't miss this chance to enjoy these significant and diverse works by Picasso joined together in a once-in-a lifetime exhibition!
